

TOWNE'S HARVEST GARDEN

Farm Tour Guidelines

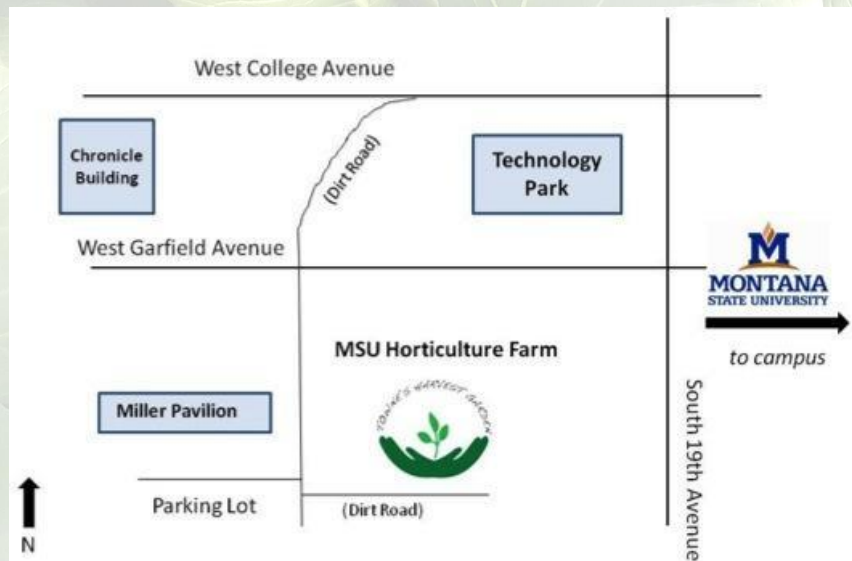

Tour Description: Get ready to explore Towne's Harvest Garden, MSU's student vegetable farm! During your tour, someone knowledgeable will show you around our vegetable plots and high tunnels. We will discuss the growing and harvesting techniques for some key crops. Participants will have the opportunity to pick their own veggie in peak ripeness, as determined by the tour guide. Tour members should go home with a basic understanding of what a small-scale organic farm in the Bozeman area has to offer. Tours typically last one hour.

Tour Guidelines: Please schedule tours at least two weeks in advance. Please arrive on time and contact Towne's Harvest Garden if your plans have changed. We ask that you park in the Miller Pavilion lot which is located west of the Towne's Harvest Garden turnoff. Please encourage tour members to stay in a group, and walk on designated paths. When picking a veggie, please only touch and pick the crop that is instructed by the tour guide. All tours hosting children must be accompanied by at least one adult from your organization, possibly more depending on the group size and age range.

Things to Consider: This is an outdoor experience with varying weather conditions, please bring appropriate clothing, closed toed shoes, hat, sunglasses, sunscreen, and water. Our porta potty and hand washing station are located on the East side of the barn. The following are NOT ALLOWED at the farm: dogs, alcohol, and smoking.

Farm Location: From Main St. turn south on 19th Ave., turn right on Garfield, turn left at the Bozeman Area Research and Teaching (BART) Farm sign, drive down the dirt road. Towne's Harvest Garden is one the left, please park to the right in the Miller Pavilion parking lot.
