

A film by Jaime Jelenchick

Now Available on DVD!

*What's the future of agriculture in Montana? Join Montana State University students, faculty, and staff, along with area community members, as they build a small research and teaching farm right near downtown Bozeman— Towne's Harvest Garden. Find out how they are creating a sustainable market garden and learn about the benefits of eating locally in this short, 10-minute documentary, **PLANTING SEEDS**.*
